

# **School Policy for the Inclusive Education of Children Looked After**

**We believe that all looked after children should have equitable access to excellent educational provision and be able to achieve at a similar level to all Worcestershire children.**

We recognise that nationally there is considerable educational underachievement of children in residential and foster care, when compared with their peers.

All staff and governors are committed to ensuring improved educational life chances for looked after children by ensuring that:

### **Advocacy**

- Staff are aware that being or becoming 'looked after' has a major impact on children's lives and that when considering children's learning and/or behaviour, due consideration will be given
- Designated Teachers and staff are aware of and enabled to carry out their responsibilities effectively with the full support of the Headteacher
- School staff and governors are aware and adhere to of the DfE statutory guidance: Duty on local authorities to promote the educational achievement of looked after children (2014)
- There is a dedicated and trained Governor to monitor the work of the school in supporting its looked after children as a part of a larger group of vulnerable children

### **Documentation and Monitoring of Progress**

- We contribute to the process whereby all looked after children have a high quality Personal Educational Plan (PEP) in place within 20 days of starting at our school or becoming looked after. This will include SMART educational targets and will be linked to the child's Care Plan and any other plan resulting from the assessment of the child (Student profile, IEP, PSP, Statement of Educational Need or Education, Health and Care Plan.)
- PEP targets will reflect the outcomes everyone, most importantly the child, aspires to. These will determine the need for pupil premium plus for the child or young person. Personalised, specific and meets individual child's needs. Adapted frequently as the pupil develops over each term.
- PP+ Funding is used to improve educational outcomes for our Children Looked After. Interventions will be tailored to the characteristics and experiences of the individual, ensuring the young person makes at least good or excellent progress.
- The young person's views will be sought by the Designated Teacher, in a way that best promotes the child's engagement and noted on the PEP.
- If appropriate the young person will attend the PEP and contribute. Some young people chair their own PEPs and it is always good practice to have a 'pre-meeting' where we can talk through who will be there, what to expect and most importantly find out if they have any concerns, anxieties or anything they would like us to help them raise.
- Following the writing of a PEP, any educational recommendations in that PEP will be adhered to by staff in order that, the young person has the opportunity to achieve his or her targets. All relevant/appropriate staff contributing to PEP (especially in schools where subjects are taught by a range of teaching staff.
- The school will assess each young person's attainment either on entry to the school or on becoming looked after to ensure continuity of learning. These baselines will be recorded in the PEP. We will not, however, use these to refuse admission to the school.
- The school will meet VS deadlines for submission of attainment and progress data.
- The school will monitor and track the achievement and attainment of all pupils at regular intervals and report this to the Virtual School at Babcock on a termly basis. Where a child is underachieving, an interim PEP review to discuss how this underachievement will be addressed.
- The school will be proactive to discuss the progress of CLA, where there are causes of concern, with members of the wide VS network.
- The school will be proactive in sharing effective practice, where CLA are making noticeable and/or significant progress.

- The Designated Teacher will know all the in school and will have access to their relevant contact details including parents, carers and social worker. We will ensure all progress of Children Looked After is celebrated. The Designated Teacher will also know about any Children Looked After from other authorities. The Designated Teacher will inform all appropriate members of staff who CLA are to ensure appropriate support and challenge.

It is important that the school flags Children Looked After status appropriately in the school's information systems so that information is readily available as required.

### **Joined Up Working (for all schools, the Virtual School)**

- We will send representatives to any review held for the child where appropriate.
- We will send reports to any review held for the child.
- Schools will forward appropriate documents, in a timely fashion, to any receiving school at the point of transition. The Virtual School will assist and will ensure any additional information is also forwarded.
- We take a proactive approach in co-operating with and supporting the relevant Local Authority with regard to the education of our looked after children.
- We liaise with other agencies as appropriate so that each child looked after has the opportunity to achieve their full potential.
- At school, we firmly believe in developing a strong partnership with parents/carers and caseworkers to enable Children Looked After to achieve their full potential.
- We ensure that Virtual School, carers and social workers are kept fully informed of their child's progress and attainment. Information between staff and other relevant professionals is on a need to know basis only and in line with Confidentiality and Data Sharing Protocols.

### **Training**

- We will attend training arranged or recommended by the Local Authority regarding the roles and responsibilities involved in the education of Children Looked After.
- The Headteacher, Designated Teacher and / or Inclusion Officer will be responsible for ensuring all staff are briefed on the regulations and practice outlined in this policy.

### **Governance**

- We have a trained governor designated to lead on children in care and other vulnerable groups.
- We ensure that the designated teachers report at least once a year to governors on the training they have received, the safety of children in care and their attainment and progress.
- Governors have good knowledge of the impact of the pupil premium for looked after children and challenge leaders.

## **Admissions**

- The Governing Body adheres to the Admissions Code (2014) and Local Authority protocol for the Admission of Children Looked After (2016). Children Looked After will not be expected to be placed via the Local Authority's Fair Access Protocol.
- Due to care placement changes, we understand that Children Looked After may require a school placement mid-year. We will ensure that they receive the best possible start within our school and will endeavour to offer additional support and pre-entry visits to help them settle in.
- Where an application is received for a place for an unaccompanied asylum seeking child, the school will give due attention to the agreed protocol ensuring that these vulnerable young people are swiftly admitted and integrated in to school.
- We will only refuse the admission of a Child Looked After if we feel that we are unable to meet the child's needs and that such admission would cause prejudice. We therefore expect professionals to have followed the Local Authority's Admissions Protocol for Children Looked After prior to making an application to the school.

## **Inclusion**

- This policy recognises that all pupils are entitled to a balanced and broadly based curriculum.
- Our Children Looked After policy reinforces the need for teaching that is fully inclusive.
- The Governing Body will ensure the school makes appropriate provision for all Looked After Children pupils.
- We encourage each looked after child to access out of hours learning activities realising the positive impact this could have on their self-esteem and learning.
- In the few instances where we review whether a child is still appropriately placed in a school we will arrange an interim review of the PEP to:
  - discuss the current provision, any adaptations, required or proposed alternative arrangements The persons involved in the PEP will be consulted at all times
  - We will only exclude a child if we have evidence that supports the decision to Permanently Exclude in line with statutory guidance.

In any case where we have concerns, having regard particular regard to our Behaviour, Attendance and Attainment Policies, regarding a Child Looked After we will arrange an immediate review of the PEP.

## **Children Looked After Policy Review and Evaluation**

- We consider the Children Looked After policy to be important and we undertake a thorough review of both policy and practice each year. The outcomes of this review inform the School Improvement Plan

**Date:** November 2018

**Review date:** November 2019

### ***Roles and Responsibilities***

Children Looked After are one of the most vulnerable groups in society and it is nationally recognised that there is considerable educational underachievement when compared to their peers.

#### **For example, they may experience:**

- A high level of disruption and change in school placements
- Lack of involvement in extra-curricular activities
- Inconsistent or no attention paid to homework

#### **This may result in:**

1. Poor exam success rates in comparison with the general population.
2. Underachievement in further and higher education.

#### **These issues may also affect adopted young people and children under Special Guardianship Order.**

The majority of children who remain in care are there because they have suffered abuse or neglect. To date the outcomes achieved by Children Looked After have been unacceptably poor and the Government is committed to addressing this disparity. As corporate parents we all have a part to play in this by vigorously applying the principles of good parenting by:

1. Giving priority to education
2. Listening to children
3. Providing stability and continuity
4. Taking corporate responsibility
5. Promoting inclusion
6. Raising standards
7. Intervening early
8. Promoting early years experiences
9. Celebrating success
